Summary

MERN Stack Developer with strong expertise in building scalable, high-performance web applications using MongoDB, Express.js, React.js, and Node.js. Experienced in developing CRM systems, dashboards, secure REST APIs, and responsive user interfaces. Strong problem-solving skills with DSA using Python and hands-on experience in real-world project development and deployment.

Skills

Languages: JavaScript, Python

Frontend: HTML, CSS, React.js, Next.js

Backend: Node.js, Express.js

Database: MongoDB

Core Concepts: DSA with Python, API Development, Problem Solving

Developer Tools: Git, Postman, VS Code

AI Tools: AI-assisted Development (ChatGPT, GitHub Copilot)

Deployment: Netlify, Vercel, Render, MongoDB Atlas

Projects

CRM Management System | *MERN Stack* 2025

- Developed a role-based CRM system to manage leads, clients, sales teams, and task assignments.
- Implemented JWT authentication and protected routes for secure access.
- Built dashboards for Admin, Sales Lead, and Team Members.
- Solved real-world issues including token expiration and frontend-backend data handling.

Food Delivery System | *MERN Stack* 2024

- Developed a full-featured food delivery web application with responsive UI and smooth navigation.
- Implemented authentication, restaurant listing, cart, and order placement features.
- Integrated real-time order tracking and order status updates.
- Built admin panel for managing menus, orders, users, and delivery operations.

E-Commerce Platform | *MERN Stack* 2024

- Designed and developed an e-commerce website with product listing, search, cart, checkout, and order history.
- Integrated secure payment workflow and admin dashboard for product and inventory management.

Internship

Graphura India Private Limited Dec 2025 – Present

Software Engineer Intern (MERN Stack) Remote

- Working on live CRM and business applications using MERN stack.
- Handled real-time bug fixing, API integration, and deployment tasks.

Infowizz Software Solutions, Chandigarh Aug 2022 – Sep 2022

Software Development Intern Offline

- Completed a 2-month internship focused on Python programming fundamentals.
- Learned and implemented HTML, CSS, and JavaScript for frontend development.
- Gained hands-on experience in basic web development and debugging.

Awards & Certifications

- 1st Position – Pitch Deck Competition (2024): Developed “The Pujari Website”.
- 1st Position – Showcase Competition (2024): Awarded for project presentation and implementation.
- 2-Month Internship Certification (2022): Infowizz Software Solutions, Chandigarh.

Education

B.Tech in Computer Science

Global Institute of Technology and Management, Farrukhnagar (Gurugram University)

2023 – 2026

CGPA: 7.5 / 10

Diploma in Computer Science & Engineering

Government Polytechnic Adampur Mandi Hisar (HSBTE)

2020 – 2023

CGPA: 6.5 / 10
